

Mobile Phone Policy

Monday 16 April, 2018

Dear Parents and Carers,

The introduction of our College's new system to manage student mobile phone use during class time has been extremely well received by students, teachers and parents. However, we have identified some areas of refinement, which will ensure we are providing the best possible environment for student learning. From the beginning of term 2, 2018 the following alterations will be made:

- In the event a student is required to take their phone to the library for a **third incident** within one term, their parent or carer will be required to collect the phone from the College.
- Any subsequent offences during that term would also require a parent or carer to collect the phone from the College.

Since the beginning of the school year, we have appreciated parent support relating to the management of mobiles phones and we ask for this continued backing through the refinement of this process.

Yours sincerely,

Paul Frye
(Principal)
